

CELL NOTES

14th September 2020

WELCOME

D – I – Y this week.

WORSHIP

D – I – Y this week.

WORD

Listen to Genesis 2:18-25 & recall the sermon

1. In which area of your life are relationships most challenging? How do you respond when things are difficult? Where is the Lord in those situations?
2. How are marriages different from partnerships of two? (You can answer this whether you're married or not. We all have a view of marriage!)
3. When God gives the picture of marriage to help us understand his feelings for us – for better for worse, in sickness and in health – what does he want us to feel? How might that change the way you see him? Or yourself?
4. *[If you have time]* How can we encourage each other truly to know the reality of this?

WITNESS

- ***What do non-Christians believe?*** Think of a friend or family member who isn't yet a Christian, who you'd love to see come to Christ. We're often looking for a chance to say something to them about our faith. But before that, do you know what they believe? Perhaps the loving thing might be to listen to them before we launch in. So if you don't know, how might you find out? And if you do, share with the group what you've found. Then turn this into a time of prayer for them and for one another.
